

# Engineering Courses

Each year we choose a specialisation to guide our skill development.

This page will be updated each semester.

In this folder, you can also see mandatory **projects for my courses**.

## Semester 1:

- Modelisation: Logic and Regular expressions
- Imperative Programming
- Differential Optimisation and Integration
- Probabilities and Statistics
- Soft Skills:
  - Sport: Running and Fitness
  - Career and Management
  - Professional English
  - Japanese
